Middle School April 30, 2019

Updates:

A Month of Testing: Students and teachers have worked extremely hard to prepare for the state's standardized tests. Teachers have used their formative testing results with their curriculum maps to make sure that all the standards for the classes have been taught, and in some cases, retaught, if need be. I would like to commend the students for how hard they have worked so far on the tests that began April 9. We have also taken the MAP district-wide assessment for math, reading, and science as well as the CAP for social studies.

Celebrating Student Achievement: April is the month in which the board of education recognizes one student from each team at WMS. These students demonstrate everything that is great about the middle school. They are trustworthy, respectful, responsible, fair, caring, and display excellent citizenship. Congratulations to Jonathan Carnes, Broderick Garrity, Hayden Sell, Spencer Dodds, Abby Freeman, Gabriella Raney, Abigail Barrett, Brooke Minnig, and Cayden Mowery for receiving this reward.

Other INFO: We celebrate our office staff members this week. We are truly grateful for their dedication to the students, staff, family members, and community members who walk through the doors of WMS!
